## ***Beginning AutoCAD® 2019 Exercise Workbook***

### ***What users are saying about Beginning AutoCAD 2019:***

"I am a visual learner and I like the fact that the book uses large pictures and text showing where to click in AutoCAD for the different applications."

*-Amazon Customer Review*

***The world-renowned workbook that has been teaching AutoCAD users for more than two decades is more engaging and relevant than ever.***

For those new to the world of AutoCAD®, as well as those honing longtime skills, there is simply no better resource on the market than the *Beginning AutoCAD® 2019 Exercise Workbook*. Industry-expert authors and Professors Cheryl Shrock and Steve Heather introduce two novel features in AutoCAD 2019, including “Drawing Compare” and “Shared Views,” both of which facilitate a greater capacity for colleagues and clients to share and comment upon changes and additions to drawings in real time. All of the game-changing features of AutoCAD 2018 are highlighted throughout this new Edition, most significantly the inclusion of both METRIC and INCH measurements side-by-side on all exercises as well as the phenomenal feature of SHX font importation during document upload, allowing for fully-editable text on PDF documents.

### **NEW AND IMPROVED FEATURES**

- *All* exercises now include metric equivalents alongside the original imperial measurements.
- “Drawing Compare” and “Shared Views,” making working with clients and 3rd parties infinitely easier.
- New “CAD Tips” scattered throughout the book, providing shortcuts and suggestions from our expert author.
- Additional new features being released by AutoCAD to beta testers.

## CONTENTS

- Introduction
- 30 Lessons, including full instructions and illustrations
- 6 Appendixes
- Index

## ABOUT THE AUTHORS

**Cheryl Shrock** is a retired Professor and Chairperson of Computer Aided Design at Orange Coast College in California. The *AutoCAD Exercise Workbooks* are the result of both her teaching skills and her industry experience. She is an Autodesk® registered author.

**Steve Heather** is a former Lecturer of Mechanical Engineering and Computer Aided Design in England, UK. For the past 8 years, he has been a Beta Tester for Autodesk®, testing the latest AutoCAD® software. He is the co-author of the bestselling series of *Beginning* and *Advanced AutoCAD® Exercise Workbooks*. Previous to teaching, and for more than 30 years, Heather worked as a Precision Engineer in the aerospace and defense industries.
